With reference to his letter No. 905, dated 15th February 1908, *re* provision in the rules for the guidance of Assistant Opium Agents in Malwa for the direct import of opium to Mysore from Malwa, stating that the Durbar are still of opinion that the provision may be retained to be resorted to when there is a necessity for it, that as the procedure of levying the duty at the place of export and subsequently crediting the same to the State, involves unnecessary trouble and inconvenience, it is desirable, in the opinion of the Durbar, that the import should be duty free and that in view of the fact that the Durbar have to obtain their opium from British India only, because cultivation of the poppy is stopped in Mysore in the interests of British Indian Revenue, it will appear to the Hon'ble the Resident that the supply of opium to Mysore has to be treated on lines somewhat different from those of any private dealer and transporter of the drug.

27	Fl 5484-7 S R 116-07-6	27	Comr. of Stamps, Govt. Advocate, Comptr. & Secy. Geol. Dept.	Pointing out that the transfer of 13 prospecting licenses originally issued in the name of the Mysore Manganese Company to the New Mysore Manganese Company for a large consideration should not have been sanctioned unless evidenced by a formal deed of assignment duly stamped and registered under the Stamp and Registration Laws in force, and that a rule to this effect will be issued from the Geological Secretariat.

Returning the refund bill received from the Excise Commissioner on account of toddy revenue due to the Inamdar of Kaglipura in the Kankanhalli taluk for the years 1892-93 to 1902-03, with the observation that in the absence of statistics of trees tapped during the years 1892-93 to 96-97, it is not possibel to apply rule 3 to the case and that the entry of Rs 144, for 1897-98 under shop rent seems to be incorrect, as under the arrangement that existed during that year, there can not be shop rent alone without tree tax etc.

35	Fl 5659 S R 94-07-2	30	Do ...	Observing that the Excise Inspectors had nothing to look forward to except Amildari appointments which would sever them from the department and the work in which they have acquired experience, that it was only in rare cases that they could have hoped to rise to Assistant Commissioners, that the recent orders of Government about 4 District Excise Officers being of the Amildars' status have largely added to the prospects of Excise Officers, that Government will be prepared to consider the claims of such of them as have possessed of experience, ability and character in selecting officers to fill the appointments of District Excise officers and that Government therefore consider it inexpedient to keep the higher grades of the Excise Department a close service.
